HISTORIA

See *The Blind Guitarist*.

This work belonged to Javier Goya and then to his son, Mariano Goya. It later entered the Valentín Carderera Collection before finally reaching the Prado Museum.

ANÁLISIS ARTÍSTICO

Goya made no changes to the etching that was finally made from this preparatory drawing. One interesting point is that the small footbridge that Goya includes in the preparatory study for *Landscape with Cliff, Buildings and Trees* but not in the finished etching, appears again in this preparatory drawing and in the corresponding print.
